Dear Avash Ghimire:

Pursuant to the provisions of *The Alcohol and Gaming Regulation Act, 1997*, the Saskatchewan Liquor and Gaming Authority (SLGA) has approved your application for the following liquor permit(s).

Permit type:	Retail Store Stand-Alone
Permit number:	75742-2022
Effective:	April 25, 2019 to April 24, 2022

This permit must be prominently displayed in the premises for which it is issued.

Please note that this permit expires 2022. The fee received this year was for one year therefore, you will receive a reminder invoice next year to submit further fees to keep the permit valid. Please keep in mind any proposed renovations to the establishment or changes to the company must be reported to SLGA.

It is a term and condition of your liquor permit that your permit number be used when purchasing beverage alcohol for resale in your outlet. This includes inserting the number in the proper place on each beer order in accordance with Brewers Distributor Ltd. instructions. Failure to use the assigned permit number for your alcohol purchases may result in sanctions against your permit, which may include a fine, suspension or cancellation of your permit.

During the term of your permit, it is important that you report to SLGA all changes to your application, including any criminal charges, investigations, and/or convictions. Failure to comply with this requirement may also result in sanctions against your permit.

To access SLGA's Commercial Liquor Permittee Manual, click [Manual](#). It is also available for viewing on SLGA's website at www.slga.com.

SLGA asks that you make every effort to maintain a high standard of operation and observe both the spirit and letter of *The Alcohol and Gaming Regulation Act, 1997*.

SIRS Certification is required for all owners and paid employees who are involved in the sale and service of beverage alcohol. Please ensure that you maintain a copy of the certification onsite.

In order for a commercial permittee to purchase beverage alcohol products without LCT from a liquor retail store, they must have a commercial liquor permit issued to them by SLGA. This permit must be valid and in good standing before a commercial permittee is authorized to purchase and re-sell beverage alcohol. From time to time some commercial permittees encounter situations where SLGA suspends their permit which results in them not being able to purchase or sell beverage alcohol for the duration of the suspension.

As a retail store permittee, you are obligated to ensure the commercial permittee has a liquor permit in good standing. In order to assist you with this process SLGA maintains a list of all commercial permittees who are currently serving suspensions on our website (www.slga.com) that only retail store permittees have access to. In order to access this list, you must first register as an online user (if you have not already done so) after which you will be granted access to the list of commercial permittees currently serving suspension. In order to access the suspension list please go the SLGA home page, log in as a registered user and navigate to the following link:

Once at this location, you will see a list of all the commercial permittees currently serving a suspension that you are not allowed to sell beverage alcohol to. For clarity, commercial permittees include other retail stores, restaurants, taverns and special use permittees.

Thank you for your anticipated co-operation in this regard.

Yours sincerely,

Amanda Szigli, Licensing Specialist
